To Whom It May Concern:

Subject: SDS Information

Please be advised that the products we manufacture and supply to your company are “articles” as defined under the provisions in 40 CFR 372.3 and are categorically exempt from the SDS regulations because they: (1) are formed to a specific shape or design during manufacture, (2) have end use functions dependent in whole or in part upon their shape or design during end use, and (3) do not release a toxic chemical under normal conditions of processing or use.

If you require additional information, please give me a call.

Sincerely,

Roger P. Skold Jr.

Roger P. Skold Jr. AHC
Technical Director
