INSTALLATION INSTRUCTIONS

178

1. Cut astragal to length.
2. Position as shown above.
3. Mark screw holes.
4. Drill pilot holes for screws using a $\frac{7}{64}$ " drill bit.

WARNING: Do not drill through gasketing material.

5. Install with screws provided, working from one end to the other.
6. Adjust astragal so it does not impede proper closing and latching of the doors.
